

A screenshot of a Microsoft Teams for Education landing page. The page has a blue header with the text 'Microsoft Teams для образования'. Below the header, there's a section titled 'Участвуйте в собраниях' (Participate in meetings) with the sub-instruction 'Делитесь видео, беседуйте и демонстрируйте свой экран во время онлайн-вызова.' (Share video, talk and share your screen during a video call). A central image shows a video call interface with a woman's face, controls for video and audio, and a 'Invite people to join...' button. Callouts point to various features: 'Включайте и отключайте видеопоток.' (Turn on and off video), 'Отключайте и включайте микрофон.' (Turn on and off microphone), 'Invite people to join...', 'Отправляйте сообщения в чат' (Send messages to chat), 'Покиньте собрание' (Leave meeting), and 'Используйте дополнительные элементы управления звуками' (Use additional sound control options). At the bottom, there's a search bar with the number '7 из 14' and a magnifying glass icon.
